

Giggle and Grow
Childcare & Preschool

Bumble Bee Room: 2 Year Old

Step 2: Toddler Program

Our Bumble Bee room allows children more opportunity for growth and development through the use of activity centers and structured playtime. Circle time and teacher led activities also become a larger part of the daily schedule. Greater independence emerges at this age and children are given opportunities to explore and learn with little interference. Another big milestone of this stage is potty training. Our staff is well trained in this area and works closely with parents to help their child reach this important goal.

Butterfly Room: 3 year old

Preschool Program

The Preschool Program at Giggle and Grow is exceptional. Our curriculum was designed to meet the developmental and social needs of children ages 3-4. Formal Preschool classes are held each day from 8:30am-12:30pm. Language Arts, Math, Music and Science concepts are presented in fun and exciting ways that encourage self-discovery and confidence. The use of songs, games and art projects ensure that children are learning in a fun and enriching environment. Assessments are conducted throughout the year to ensure that each child is on the path to success!

Caterpillar Room: 12 months-24 months

Young Toddler Program

When children begin walking alone they graduate to our Caterpillar Room. At this age, children develop a greater independence, but still have a strong need for one on one affection and attention. Toddlers are encouraged to explore and discover new things with guidance and encouragement from our teachers. At this age a more structured schedule is also introduced. This helps children feel more secure by providing them with a sense of expectation of things to come. Our Caterpillar room is equipped with the latest in age appropriate toys and activity centers so each child is fully engaged and enjoying each day.
